

Dear Dr. Henney,

I am writing to express my concern over the  
FDA's regulation of genetically engineered  
(GE) food. I request that the current  
current policies be changed, and I support  
all the points in docket #00P-1211

☒ All GE foods should be labeled so I am  
informed and have a choice.

☐ GE foods should not be assumed to be  
"generally recognized as safe" and should  
have mandatory pre-market safety testing  
to determine the long-term impacts to  
human health and the environment.
